

HATTIE BENJAMIN

Hattie Benjamin is a London, Ontario artist who specializes in Paper Quilling. Raised on a rural Ontario farm, Hattie acquired a love and appreciation for nature at a very early age. As a self-taught artist, Hattie worked with several different mediums before developing her own unique style of quilling over alcohol ink collages. Through the quilling process of bending, folding, and manipulating tiny pieces of paper, Hattie creates vibrant nature-inspired works that she shows regularly at galleries throughout Southwestern Ontario.
